They shall be conveniently located at a point approved by the public works superintendent or other officer designated by the Council, and when located on the premises of the customer, a proper place and protection thereafter shall be provided by the customer.

Section 3. Meters will be maintained by the Town of Wilsonville so far as ordinary wear and tear are concerned, but damage due to freezing from top of meter box, or due to fire placed inside meter box, or hot water, or external cause, or any other cause, shall be paid by the customer.

Section 4. Section 5. A cut-off valve will be placed in the customer service line on the premises of the customer between the meter and the customer distribution system to be used in case of break or other necessity, whereby pipes or fixtures to be repaired can be cut off without the necessity of using the curb stop. The cut-off valve must be maintained in good order and condition at all times.

Section 6. A Charge of Fifteen Dollars (\$15.00) shall be made for turning water service on or off at the request of the customer.

Section 7. Section 9. (a) No customer will be allowed to furnish water to another person, except in case of emergency, and then only limited to two (2) weeks. Each separate

Next over 40,000	\$ 2.86 per kgl

- (b) Payment is due ten (10) days after the bill is rendered. Failure to receive a bill shall not prevent such bill from becoming delinquent, nor relieve a customer from the obligation of payment. A service charge of ten percent (10%) shall be made on each bill unpaid on the fifteenth (15th) of the month after the bill is submitted to the customer.
- (c) Water bills shall be deemed delinquent on the fifteenth (15th) day after the second month of nonpayment and the water supply to the customer who is delinquent in the payment of said bill shall be cut off for non-payment of water bill.
- (d) After water is cut off by the Town of Wilsonville, the customer shall pay an appropriate service charge, as determined from time to time by the Council or, if designated by the Council, by the public works superintendent, in addition to the full amount of the unpaid bill prior to having service restored.
- (e) An application for service where no tap on is needed shall be submitted to the public works superintendent or other officer designated by the Council, with a deposit of \$30.00 for resident owners or \$100.00 for renters or other non-owner occupants prior to being provided water service. When water service is discontinued and all bills are paid, the balance of the security deposit shall be returned to the customer, with no interest. Customers requiring a tap shall pay an additional tap-on fee of \$1,000.00. Applications must be in writing, on forms furnished by the Town of Wilsonville, and must be signed by the customer. Any owner or occupant of any premises obtaining water service without submitting a proper application and deposit shall be guilty of a violation and subject to punishment as provided for violation of Town ordinances.

Section 11. A returned check will result in an additional charge of \$30.00.

Section 12. In the event of a water loss due to accidental discharge or leak, a customer may apply, in writing, to the Town Utility Clerk or the Town Clerk for an adjustment to the monthly bill. Upon approval, a billing adjustment may be made if all of the following conditions exist:

- (a) Only one monthly billing adjustment per calendar year (January—December);
- (b) Application must be made in writing, by the customer, upon discovery of a leak. When notification is given to the Town Utility Clerk the leak has been repaired, the amount to be credited (forgiveness) will be figured, using the highest monthly charge posted during the leak episode;
- (c) Average usage, as calculated by the billing software, will be used and fifty percent (50%) of water usage charge, sewer usage charge (where applicable), and associated utility tax for usage above the average will be credited to the account for the month applied for; and
- (d) Water loss must have resulted from accidental discharge or leak.

Section 2. Repealer.

Any ordinance heretofore adopted by the Town Council of the Town of Wilsonville, Alabama, which is in conflict with this ordinance is hereby repealed to the extent of such conflict.

Section 3. Severability.

If any part, section, or subdivision of this ordinance shall be held unconstitutional or invalid for any reason in a court of law, such holding shall not be construed to invalidate or impair the remainder of this ordinance, which shall continue in full force and effect notwithstanding such holding.
